PLEASE NOTE

On lootspots we would prefer that lootspots be given away, or swapped in guild. We do realize that there is a huge market out there for loot spots to be sold and gc to be made, but we are after all in a guild, and if profiting is our main goal, then perhaps we should look outside the guild to sell them. We do not discourage you for trying to sell in guild only that perhaps giving it to someone that might need it may cross your mind after this message.
